DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1. MARYVILLE, MISSOURI, SATURDAY, MAY 20, 1911. NO. 295.

JUDGES ARE CHOSEN

AND VOTING PLACES SELECTED BY THE COUNCIL.

TO VOTE ON CITY HALL

Election to Be Held on Tuesday, June 6—Another Airdome Ordinance Presented, But Was Defeated.

At the council meeting Friday evening an ordinance was adopted calling for a special election for the purpose of voting on a $15,000 bond issue for a new city hall on the site of the old one. The election is to be held on Tuesday, June 6, and the polling places selected are as follows:

First ward—City hall.

Second ward—Robey garage.

Third ward—Gray sale pavilion.

Fourth ward—Nodaway Manufacturing Co.

The judges for the special election were chosen as follows:

First ward—John Tilson and C. L. Gann.

Second ward—Earl Wiles and I. V. McMillan.

Third ward—John Hull and J. F. Cook.

Fourth ward—John Herren and C. F. McCaffrey.

The ballots for the election will read, "For an increase of debt—Yes," and "For an increase of debt—No."

As the bonded indebtedness of the city is only $21,000, the city is in good shape to vote an additional issue of $15,000 for the new city hall, which is so badly needed. The city can issue bonds up to the amount of $85,000.

Another airdome ordinance was presented to the council at the session Friday. It was defeated again. Several of those interested in fighting the airdome were present at the session but did not say anything.

Several communications from engineers as to the probable cost of hiring an expert engineer to investigate the water plant were read but no action was taken. The matter will come up at a later meeting of the council.

Robert Fisher was a corporal in Company F, Fourth regiment, N. G. M., and the company will attend the services, under Captain Cook's command, and occupy seats reserved. Also the high school faculty and students and the eighth grade students will attend the services in a body.

THE SMARTEST REPUBLICAN IN THE STATE

The St. Joseph Observer had the following about W. C. Pierce of this city in this week's issue:

"The only Cal Pierce came down from Maryville Tuesday and looked over the political field. Cal Pierce is the only Cal Pierce. No man ever lived like him—and no other like him will ever live. He is the smoothest—the most astute—the biggest—the most careful—and to stop the flow of adjectives—the smartest Republican that the state now possesses—the Kansas governor of Missouri not excepted. Pierce can give them all a full hand and then beat them at their own game."

Came to Commencement.

Mrs. I. K. Franklin of Omaha and her son, Carl Goff of Kansas City, came to Maryville Friday to attend the Conservatory commencement exercises, and are guests of their daughter and sister, Mrs. W. H. Crawford. Mrs. Franklin's son, Glenn Goff, was one of the graduates in the class of Friday night. Mrs. Franklin will remain in Maryville for a two weeks' visit.

Returned to Maryville.

Mrs. N. F. Humber, who has been spending several weeks in St. Joseph with her sister, Mrs. G. W. Bowmer, has returned to Maryville and will be the guest of her sisters, Mrs. S. G. Selecman and Mrs. Fred J. Yeomans, until she secures a suite of rooms.

SERMONS SUNDAY

BACCALAUREATE SERVICES FOR HIGH SCHOOL AND NORMAL.

MORNING AND EVENING

Rev. Shullenberger at the Christian Church and Rev. Lee Harrel at the Baptist Church.

Sunday will be baccalaureate day in Maryville, but the happiness such a day should bring, because of two class sermons, one to the high school class and one to the State Normal class, will be deeply shadowed by the sorrow that has come to us through the tragic death of two of our young men, Robert Fisher and Paul Allen.

Rev. Will A. Shullenberger, pastor of the Christian church at Mexico, Mo., and a member of the high school alumni, will preach the sermon to the 1911 class at the First Christian church of this city, all the churches participating.

The special singing will be by other members of the alumni. Mrs. F. P. Robinson will sing a solo, also a double quartet, composed of Miss Vernie Felter, Miss Alice Orcutt, Miss Phyllis Sayler, Miss Ruth Montgomery, Lawrence Ray, Lester Bennett, Lona Perrin and Fred Lewis.

The State Normal baccalaureate service will be held at the First Baptist church Sunday night. Rev. Lee Harrel will preach the sermon from the subject "Freedom Through the Truth."

Two anthems will be sung by the choir, "Seek Ye the Lord," by Rogers, and "The Radiant Morn Has Passed Away," by Woodward.

Miss Marie Jones and Professor P. O. Landon will sing the duet, "My Faith Looks Up to Thee."

These two services, with the two funeral services, that of Judge Samuel B. Arnold at the M. E. church, South, Sunday morning at 10 o'clock, and the double funeral at the Christian church at 2:30 o'clock Sunday afternoon for Robert Fisher and Paul Allen, will make a very busy day for our ministers and all who wish to attend these services.

CONSERVATORY COMMENCEMENT WAS GOOD

Many complimentary things were being said Saturday of the Conservatory commencement exercises at the First Baptist church Friday night. The novelty of the program was one prominent think, but the fine uniformity of execution in expression and harmony of the march from "Tannhauser," by Wagner, given by the entire class of six graduates on three pianos, was the star number. It was truly a splendid accomplishment, and Director Landon and the class are to be congratulated on the evident harmony that has existed between them in their study together.

The ducts and quartets were also excellent, and the solos by Mr. Goff and Miss Smith.

Director Landon was justly proud of them, and says he has not sent out a better class.

The diplomas were presented by Superintendent Hawkins of our public schools, in a nice speech, to Glenn Goff, Eleanor Smith, Anice Ingerson, Anice Mae Garten, Lila Marie Wells, Sara Elizabeth McMaster.

MRS. HASSLER DIES VERY SUDDENLY

Mrs. Charles Hassler of Guilford died very suddenly Saturday morning about 10 o'clock. She had been affected with rheumatism for some time and death came from rheumatism of the heart.

Mrs. Hassler was clerking in her husband's general merchandise store this morning. She walked out of the back door of the store about 9:30 and went to the warehouse. She was found in a dying condition fifteen minutes later by her husband. She died about 10 o'clock.

Mrs. Hassler and her husband came to Guilford six years ago. They have conducted a general merchandise store there since then. The only relatives living in Guilford are Mrs. E. P. Reasoner, a daughter of Mr. Hassler, and her husband.

MANY SUITS FILED

SATURDAY WAS LAST DAY FOR FILING FOR JUNE TERM.

$25,000 RAILROAD SUIT

Two More Against the Mercantile—W. L. Carpenter Sues Express Company—Other Suits.

As Saturday was the last day of service for civil and equity cases for the June term of circuit court, many cases were filed. The docket for the June term is not an unusually big one. It is thought that probably no jury cases will be tried at this term on account of the farmers being busy.

A suit for $25,000 damages against the C., B. & Q. company was filed by Attorney B. R. Martin of St. Joseph for Cordelia Breedlove of this city. The petition states that Mrs. Breedlove was employed by the railroad company in running a boarding car, in which she furnished meals to employes of the company who were at work building a line of railroad at and near the village of Bridger, Wyo. The car used for that purpose, the petition states, was an old one and not suitable for that purpose and had old wooden steps. On March 22, 1911, Mrs. Breedlove, the petition says, left the car on the wooden steps, in the exercise of ordinary care on her part, and the steps slipped, causing her to fall a distance of about six feet, upon the rails and ties, and she was greatly injured, breaking her right arm, four or five ribs and injuring her right side. The injuries, according to the petition, are permanent, and she will never have complete use of her hand and arm again. The amount of the damages the plaintiff desires is $25,000.

Another suit against a railroad company filed Saturday was A. O. Mason against the Wabash. The petition states that on December 5, 1910, the plaintiff shipped 166 sheep, to be delivered at the stock yards at East St. Louis, Ill., and that the railroad company carelessly and negligently delayed shipment forty-two hours, causing damages to the sheep. The amount of damages asked for is $90. Cook, Cummins & Dawson are the attorneys for the plaintiff.

A suit by W. L. Carpenter against the Adams Express company was filed by Cook, Cummins & Dawson. The plaintiff delivered a hog, valued at $75, to the express company and they carelessly and negligently placed the hog in a closed car without proper ventilation, and when the hog arrived at St Joseph it was dead. Damages to the amount of $75 are asked for.

Another suit against the Maryville Mercantile company was filed by the Boston Piano and Music company for an account on a piano that was bought by the defendant on August 5, 1910. The amount of the suit is $298. Attorneys M. E. Ford and I. K. Alderman are the attorneys for the plaintiff.

The Kansas City Pants and Shirt company filed suit Saturday morning against the Maryville Mercantile Co. for a bill of $226.50 for merchandise. I. K. Alderman is the plaintiff's attorney.

TRADE REVIEW FOR THE WEEK

Two Events Have Important Influence on Business.

REPORTS ARE MORE BUOYANT.

Better Feeling Is Noted in Iron and Steel Trade in Spite of Contraction and Price Concessions—Textile Markets Are Improved.

New York, May 20.—Dun's Weekly Review of Trade says: Two events of the week have important influence in the business situation, inasmuch as they remove much of the uncertainty which has served to discourage activity. These are the supreme court decision in one of the cases involving the status of big corporations and the anti-trust law and the prospects of the restoration of peace in Mexico.

For the first time in many weeks the reports from leading trade centers are more buoyant, though it would not appear that the actual gain has been much. This appears in the reports from the iron and steel trade, where, in spite of contraction and price concessions in pig iron, a better feeling is noted, with some increased orders from the railroads.

It also appears to a limited degree in the textile markets, which report some improvement, notwithstanding the continued curtailment due to the high cost of production and conservative purchases. The export movement of cotton goods continues well ahead of last year and more active buying of printed fabrics has followed the large purchases of print cloths a week ago. Some factors of strength have developed in the woolen goods market. A better feeling pervades the footwear markets. Shoe manufacturers are placing larger orders for leather, which would indicate that contracts have increased. Larger individual lots of leather are moved and prices show a firmer trend on some varieties, owing to scant supplies. Both large and outside tanners have advanced prices on hemlock and union sole. The domestic hide markets do not show the activity of a week ago, but prices continue strong at advances for both packer and country take-off.

Foreign hides and skins have received somewhat more attention, as there is not the disparity formerly existing between Europe and the domestic market, the latter having advanced appreciably in the last two weeks.

STRIKE IN KANSAS CITY SHOP

Missouri Pacific Employees Charge Violation of Agreement.

Kansas City, May 20.—Two hundred and fifty union machinists, boilermakers, blacksmiths and pipemen employed by the Missouri Pacific Railway company in the east bottoms shops in this city, are on a strike.

The men allege that the company violated an agreement made in St. Louis Dec. 21, with reference to the transferring of strikebreakers from one point to another. The immediate cause was the employment in the shops here of a man said to have been a strikebreaker in St. Louis last fall.

Western Union Settles With Kansas.

Topeka, May 20.—The difference between the Western Union Telegraph company and the state of Kansas over charter fees was amicably adjusted. The contest began six years ago, when the state attempted to collect a charter fee based upon the capital stock of the company. The supreme court of the United States held this to be unreasonable. The compromise effected is on the basis of the company property in Kansas, $2,000,000.

HOUSE HAS NEW ORATOR IN WILLIS

"Freshman" From Ohio Opens Debate on Statehood Bill.

DRAWS FIRE OF DEMOCRATS.

Armed With Mass of Documents, He Always Has "It Right Here" When Challenged by Opponents—Recall Carried to Its Limit.

Washington, May 19.—A new orator appeared in the ranks of the Republican minority of congress. The opening speech on the Arizona-New Mexico statehood resolution, a distinction accorded to Representative Frank B. Willis, a "freshman" from Ohio, turned out to be a two-hour running fire repartee and fight with the Democratic leaders.

In supporting the New Mexican constitution as President Taft has approved it Willis drew the fire of Chairman Flood and half a dozen prominent Democrats. He was armed with a mass of constitutions and organic acts of the various states and whenever a new proposition was advanced he would say:

"I've got it right here," while the Republican side cheered and laughed.

Hamilton (Mich.), former chairman of the territories committee, also urged the immediate approval of the New Mexican constitution. Republican speakers condemned the recall of judges in the Arizona constitution and approved the plan to force Arizona to vote again on that feature, but they declared no change should be made in the New Mexican constitution. The statehood resolution will be before the house until Tuesday. Chairman Flood of the territories committee secured an agreement to have all debate closed on the measure on that day. Stedman (N. C.) supported the resolution and Howland (O.) opposed the recall of judges in a speech in which he upheld the New Mexican constitution.

Washington Would Be Recalled.

"Washington, Lincoln, Jefferson, Madison and Roosevelt would have been victims of the recall had it been included in the constitution when they were in the presidential chair," Representative Kahn (Cal.) said in speaking against the initiative, referendum and recall in the Arizona constitution.

"When Washington sent the Jay treaty to the senate to be ratified," Kahn said, "there was such an outburst of disapproval on all sides that within twenty-four hours thereafter the necessary recall petition would have been signed by thousands of electors in excess of the required percentage.

"Lincoln would have been put to the task of defending his title of chief executive of the republic if during the dark days of 1862 the recall had been one of the cardinal principles of the federal government.

"Does any one doubt that enough signatures could have been procured in the south for the recall of President Roosevelt immediately after he had invited Booker T. Washington to lunch with him at the White House?"

OKLAHOMA SUING BANKS

State Trying to Collect Guaranty Tax From Those That Nationalized.

Oklahoma City, Okla., May 19.—The state banking board filed suit against nineteen former state banks which have been "nationalized" since March 2, when a special assessment of 1 per cent on individual deposits of all state banks was made for the guaranty fund.

The suits were brought to recover the amount assessed against the individual banks, which, it is alleged, did not pay the assessment. The state banking board announces that thirty three suits will be filed.

The cases are being filed in the counties in which the banks are located. It is estimated the total amount for which suit is brought will reach $50,000.

DOCTORS FAILED. RESTORED BY PERUNA.

Catarrh of the Lungs Threatened Her Life.

Miss Ninette Porter, Braintree, Vermont, writes: "I have been cured by Peruna.

"I had several hemorrhages of the lungs. The doctors did not help me much and would never have cured me.

"I saw a testimonial in a Peruna almanac of a case similar to mine, and I commenced using it.

"I was not able to wait on myself when I began using it. I gained very slowly at first, but I could see that it was helping me.

"After I had taken it a while I commenced to raise up a stringy, sticky substance from my lungs. This grew less and less in quantity as I continued the treatment.

"I grew more fleshy than I had been for a long time, and now I call myself well."

"Champ Clark, even when a 23-year-old college president, had a sense of humor," said an instructor at Marshall college. "During his presidency here," he resumed, "an undergraduate was once struggling through a definition of human nature when Clark entered the class room. The college president listened for a moment to the undergraduate's lame and halting phrases. Then he said: 'Listen, my lad. Human nature is best defined as the excuse that a man offers for acting like a hog.'"—Kansas City Star.

Dubinsky Bros.' "Buffalo Bill, Jr., the Cowboy King."

The success of "Buffalo Bill, Jr., the Cowboy King" is proof positive that the western play has not lost its grip on audiences. That, when it is well done. "Buffalo Bill, Jr., the Cowboy King," which will appear at the big waterproof tent in Maryville, Mo., one night only, Wednesday, May 24th, is the last cry of realistic western drama. The company throughout plays the scenes for just what they are, good, honest melodrama, redolent with a breezy western atmosphere, always fascinating, consequently they go at their full value and leave a mighty good taste in the mouth for many days to come. Mr. Edwin Dubinsky as the manly Buffalo Bill, Jr., leaves nothing to be desired, as he is physically a magnificent specimen of the real western man, and the part was written especially to suit his personality.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at the Orear-Henry Drug Co.

MADERO WAITS UNTIL DIAZ QUITS

Rebel Leader Issues Statement About Change of Plans.

DELAYS TRIP TO MEXICO CITY.

Rumor of Plot to Assassinate Him Increases Tension All Around—Whether True or False Story Adds to Difficulty of Situation.

Juarez, Mex., May 20.—Peace will not be declared as in effect in Mexico nor will the armistice be terminated till the moment Senor Francisco Leon de la Barra becomes provisional president in succession to President Diaz.

Francisco I. Madero, Jr., will not visit Mexico City until De La Barra is installed in power. He then may go to the capital to assist in tranquillizing the country.

If the rebels in Lower California or other bands hitherto fighting independently do not lay down their arms, Madero's insurrecto army will be turned loose on them.

No peace agreement will be signed, but the interim between now and the time Senor de la Barra becomes president will be utilized in getting the Mexican congress to enact laws covering most of the points which it had been thought should be contained in a peace agreement.

This is the explanation which one of the most prominent insurrecto leaders gave of the status of the peace negotiations. Madero's visit to Mexico City and other complications which presented a tangle to the federal representatives, as well as to rebel leaders here, who admitted they did not understand the situation themselves.

Senor Madero issued a statement, explaining that he would not go to the capital until Senor de la Barra stepped into the presidential chair.

Although government officials deny any knowledge of a plot to capture or assassinate the revolutionary leader or to interfere with him should he come to the capital, the story that such a plan had been detected served to tighten public tension.

SUIT AGAINST LUMBER TRUST

Attorney General Wickersham Files First of Series of Bills.

CHARGES AGAINST RETAILERS.

Consumers Country Over Alleged to Be at Mercy of Local Organizations. Ten Combines and 150 Individuals Are Defendants.

New York, May 20.—Sweeping charges of a gigantic conspiracy to maintain high prices, to blacklist concerns not regarded as "proper" trade, and to violate generally the Sherman anti-trust law are made in a government suit filed by Attorney General Wickersham in the United States court here against the so called lumber trust.

Ten trade organizations and more than 150 individuals are named as defendants in this suit, which may be the first of several planned by the department of justice against combinations of retailers in staple commodities and the necessaries of life to prevent the ultimate consumer from buying anywhere except from local retailers.

The government's suit is replete with sensational allegations and it is asserted that builders and consumers of lumber the country over are at the mercy of the retailers' organizations in different sections of the United States.

The suit filed is against the Eastern States Retail Lumber Dealers' association, which is the central body of nine local organizations, covering five states, the District of Columbia and the cities of Baltimore and Philadelphia.

Alleges Undue Restraint.

This is the government's first anti-trust suit conforming to the supreme court's Standard Oil decision, in that it alleges "undue" and "unreasonable" restraint of trade of the consumer and the manufacturer. It is the evident purpose of the plea to confine the charge largely to that feature, small stress being placed on the restraint of trade among the conspirators themselves.

Attorney General Wickersham and his special assistant, Clark McKercher, have devoted more than a year gathering the evidence on which the suit is based. This evidence includes copies of the alleged agreements, blacklists and reports of the various organizations, branding wholesalers and retailers who have dared to violate the rules of the association as "poachers," "mavericks," "scalpers" and "illegitimate dealers," to whom "short shrift" must be applied.

Says Retailers Have Monopoly.

The government charges in brief that by an elaborate system of blacklisting, not only individual consumers, but some of the largest industrial corporations have been prevented from dealing directly with wholesalers. By alleged unlawful agreements and acts it is charged that all competition for the trade of the contractor, the builders, the manufacturers of finished lumber products and the individual consumer has been thrown entirely into the hands of the retailers, in the eastern states by retail lumber dealers' associations and its constituent organizations.

The government's bill alleges that in some localities the wholesaler selling to a consumer has either been heavily fined or expelled from the organization.

Officials of the department of justice regard the suit as the most important in principle of any yet undertaken by the government against alleged conspiracies said to affect the cost of living. It is believed that should the courts uphold the government's contention that it is a violation of the Sherman anti-trust law to prevent the ultimate consumer from buying direct from the producer, other suits will be started against combinations of retailers alleged to be in control of the marketing of many of the commodities of life.

LUMBER PROBE IN THIS STATE

Action of Attorney General Will Involve Nebraska Retailers.

Omaha, May 20.—Government investigation of the retail lumber business, as outlined in the suit filed in New York by Attorney General Wickersham, will reach Nebraska. That is the declaration of a wholesale lumberman in touch with the trade of the territory of Omaha.

"It will, in all probability, be shown that retail dealers out through the state have held up wholesalers for supplying goods to so called 'poachers' firms who sell below the prices made by the retailers' agreement.

"Not less than four Omaha concerns selling lumber to the general trade have felt the strength of the combination, which cuts both ways, against the wholesaler and the retailer. Other instances can be shown where retailers have made contracts with wholesalers on the stipulation that the wholesaler would not sell to firms in the territory which did not sell under the terms of the retailing agreement."

Meetings held by retail lumbermen in a downtown hotel have been discontinued.

MANAGER HAL CHASE SICK

Boy Leader Will Not Be Able to Work for Month.

St. Louis, May 20.—The New York Americans, minus Manager Hal Chase, are here for a four-game series. Chase is a very sick man, according to members of the New York team, and instead of coming to St. Louis was sent to New York from Cleveland. He became ill while the team was in Detroit and since than has been confined to his room. At first it was reported that he had an attack of erysipelas, but the doctor who attended him in Cleveland announced that it was bronchitis, with a chance that it might develop into pneumonia. It is said that it will be at least a month before the boy manager will be able to resume his duties as leader and first sacker for the New York club.

CENTRAL PASSENGER ASSOCIATION WINS

Railroads Allowed to Charge Higher on Interstate Business.

Washington, May 20.—Railways operating in the Central Passenger association territory—including the states of Ohio, Indiana, Illinois and Michigan—are permitted by an order issued by the interstate commerce commission to exact higher passenger fares for interstate than for intrastate business where state legislatures or state commissions have established a 2-cent a mile rate.

In the territory indicated intrastate fares are on a 2-cent basis, while interstate fares are made on a scale of 2½ cents a mile. The carriers asked for time in which to prepare the necessary data on the insufficiency of the 2-cent rate and the commission permits them therefore to exact the higher rate until May 1, 1912.

YOU CAN HAVE HEALTHY HAIR

A Harmless Remedy That Makes the Hair Grow.

What a pity it is to observe so many people with thin and faded hair and then realize that the most of these people might have a fine, healthy head of hair if they would but use the simple "sage tea" of our grandmothers, combined with other ingredients for restoring and preserving the hair. No one, young or old, need have gray hair, weak, thin or falling hair, dandruff or any trouble of the sort if they would but use Wyeth's Sage and Sulphur Hair Remedy. On the contrary, it is possible to have healthy, vigorous hair, of perfect color, by a few applications of this remarkable preparation.

Wyeth's Sage and Sulphur Hair Remedy quickly removes dandruff, leaves the scalp clean and healthy, promotes the growth of the hair and restores the natural color of the hair which has become faded or gray. It is a clean, wholesome dressing, which may be used at any time and with perfect safety. Don't neglect your hair. Start today with Wyeth's Sage and Sulphur.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
